

STUDENT FINANCIAL AID RESEARCH NETWORK

SFARN VIRTUAL CONFERENCE

June 11-12, 2020

The Student Financial Aid Research Network (SFARN) 37th Annual Conference will be held **virtually** on **June 11-12, 2020**. SFARN Conference is the prime venue for leading financial aid researchers to networks, seek input, and share expertise with colleagues from colleges and universities, state and federal agencies, membership associations, and other non-profit organizations. The Pell Institute for the Study of Opportunity in Higher Education, in collaboration with the Student Success Through Applied Research (SSTAR) Lab at the University of Wisconsin-Madison will host this year’s conference.

Moving to this online format will ensure that we’re able to host an amazing and collaborative learning experience with peace of mind and without compromise to anyone’s health. We have a great group of presenters ready to share their research results. We are also planning several new panels addressing how students and institutions are navigating the immediate COVID-19 public health emergency and for the longer term we can together “Rebuild Better.”

We have updated our registration to reflect the virtual modality with a reduction in registration fees. You can register at this [link](#). The early rate for SFARN is **\$200** until **May 29, 2020**. After that date the registration is \$250. Special graduate student registration is **\$75** until May 29, 2020 and \$100 after this date until June 10th, 2020 please [email](#) Sureima Santillan for receive registration form.
